

A circular diagram illustrating the layout for a label. It features three concentric regions: an outermost red ring, a middle grey ring, and an innermost white circle. A dashed line is positioned between the red and grey rings, representing the final edge of the label.

Template for labels

■ **Bleed**

Background graphics/colors must go all the way to the edge, i.e. 1 mm beyond the final edge.

... **Final edge**

Final format after cut.

■ **Safety zone**

Text and images are placed in the safety zone
2 mm from the final edge.
